**About Aeromar:**

Aeromar (Transportes Aeromar, S.A. de C.V.) is Mexico's most experienced airline. It is the only airline company in Mexico that has operated without financial interruption for the past 29 years. Founded in 1987, Aeromar is a privately-owned Mexican company. Since April 1988, its headquarters and operations and maintenance base have been at Mexico City's International Airport.

Today Aeromar operates more than 100 daily flights to 41 destinations with an on-time performance level exceeding 93%. Passengers enjoy comfortable two-by-two leather seating – no middle seats – aboard the fleet of 48-passenger ATR-42 and 68-passenger ATR-72-600 turboprop aircraft.

Aeromar is fully authorized by the governments of the U.S. and Mexico to operate domestic and international scheduled passenger and cargo airline flights and is certified for its compliance with the stringent aviation and safety standards of the International Air Transport Association's Operational Safety Audit.
